

# Positioning Systems

[www.UIT-Systems.com](http://www.UIT-Systems.com)

Subsurface mapping and imaging tools developed by UIT can interface to a number of positioning systems based on the needs of the application. Any one of several GPS instruments or laser positioning systems may be seamlessly integrated.

## Navcom 2040G GPS

- Sub-decimeter accuracy
- Simple setup

## Indoor GPS – ArcSecond Laser

- Sub-centimeter accuracy
- Utilized when satellite coverage is poor in open areas

## Laser Tracking Theodolite

- Sub-centimeter accuracy
- Accurate elevation measurements
